SPECIAL EFFECTS & HEALTH AND SAFETY

To conform to Theatre Licensing Regulations. The Theatre's Duty Stage Manager may Fire Test any Scenery brought into the Theatre. Please speak to any of the Theatres Technical Staff if you have any queries.
--

SPECIAL EFFECTS & HEALTH AND SAFETY

Effects are considered to be any Pyrotechnics, smoke, haze, firearms, strobe lighting, bladed articles, special rigging etc.

The Venue Duty Stage Manager will require you to complete necessary paperwork on your arrival, this will include, "Production Risk Assessments" (Unless you can provide your own) and the "Health and Safety & Evacuation Policy". You may also be asked for copies of any Industry Competency Certificates (IPAF, PASMA, etc), PAT Test Certificates, LOLER Certificates, or BS7909 Certification etc.

The theatre requires 28 days written notice for permission to use any special effects. We reserve the right to refuse effects, rigging, use of electrical equipment and access equipment if risk assessments, method statements, supporting evidence or certificates are not produced or if sufficient notice is not given.
