

LEIGHTON BUZZARD LIBRARY THEATRE THEATRE TECH SPECIFICATIONS

LOAD IN - what3words Location:

colleague.fluid.noisy

ACCESS

The Theatre is situated on the second floor of the Library building and contains a raised stage area with 170 raked seats in ten rows of 17 with side access.

Ground Floor access from Lake Street is via double doors to the Library. Delivery vehicles may unload immediately outside these doors, but access to the parking space is via disabled parking bays in Lake Street and may not always be accessible. Parking for a limited number of vehicles is accessible at the rear of the building and should be requested before arrival.

From the entrance, access to the Theatre is by passenger lift or by carrying up three flights of stairs and through two sets of double doors.

Please advise us in advance of how many staff members you will require from the venue to assist with your get in.

Pianos and Orchestras	A Baby grand piano is available on the stage only. We also have an upright piano available for on the auditorium floor in between the seating and stage only. Small orchestras may be accommodated on stage or on the auditorium floor between the stage and seating. Please contact us in advance if you wish to use either of these and require the pianos to be tuned.
Projection	The theatre has a cinema screen approx 6ft (1.8m) from the front of the stage. We don't have any portable projectors onsite, however connections are possible in to our cinema projector for conferences and events. Please contact the venue in advance to discuss this.

ACCESS EQUIPMENT

10 rung zarge, predominately for use onstage.

Waku Ladder for onstage access.

Scaffold Tower for access to FOH bars.

Access to the FOH lighting bar above the main auditorium is via scaffold tower only. Please let us know in advance if you wish to gain access to this bar and staff will ensure the tower is set up in time. A member of staff with PASMA training needs to be present when the tower is erected.
